

FAQ's

If I'm over 60, am I entitled to a FREE eye test at home?

Yes, if you cannot get to a high street opticians unaccompanied, visit our website for more details - www.outsideclinic.com/FreeService.html

How long will the visit last?

Typically the optician will be with you 1 hour to examine your eyes and help you choose any spectacles you may require.

How will I know if you are the optician?

All staff wear a prominent identity badge, which includes their company ID No. They have all been CRB and POVA checked and the company is registered with both the General Optical Council (GOC) and your local Primary Care Trust. You will also receive a telephone call prior to your appointment, to let you know they're on their way.

What do I need to sign for my NHS test, and does the optician need to see proof?

Yes, you will be required to sign a GOS (General Ophthalmic Services) application form for the test to be conducted. Proof of eligibility will be requested by your optician, as required under current regulations. Your signature is also confirmation of your entitlement, should proof not be available.

Will I be able to choose spectacles?

Yes, a comprehensive range of spectacle frames are carried by our opticians, ranging from free (to those who qualify on income eligibility) to designer names. There is also a range of over 600 lenses to choose from, to accommodate all types of prescriptions.

"Your optician was most helpful and reassuring, in fact he made the whole experience most enjoyable"
